## Overview

In a dynamic world that is constantly changing, it is reassuring to know that Tyler Lynch, PC is there when you need us. Established in 1974, Tyler Lynch, PC is a full service accounting and consulting firm dedicated to helping businesses and individuals manage their financial resources. Our diverse workforce includes CPA's and Senior Accountants. We offer cost effective services directed toward enhancing financial stability, improving liquidity, and achieving long-term growth and profits.

## Services

Tyler Lynch, PC provides accounting, tax, business analysis, and business consultation services. All of our Tyler Lynch, PC services and engagements are designed with the flexibility and pragmatism to meet each client's specific needs.

## Resources

As technology changes, we change. We strive for new ways to provide more effective services. Our professional staff has substantial business experience and technical expertise to really help our clients with accounting and tax matters. We serve our clients with reliability, integrity, and sensitivity.

## Tyler Lynch, P.C. Service Directory

### Accounting & Auditing

Tyler Lynch, PC performs auditing and accounting services, helping clients evaluate their financial controls in the context of a client's business operation.

### Tax Preparation

Tyler Lynch, PC prepares business, estate, trust, and individual tax returns. More importantly, we provide focused federal and state tax consultation. Tax savings are often the hinge that opens the door of new opportunities.

### Business Analysis

Tyler Lynch, PC professionals can help a client plan for the future of their business. We provide consultation and support in the design and implementation of strategic plans and reporting systems. Goals may include achieving business growth, monitoring cash flow, meeting short and long-term financial obligations, and other matters affecting the financial health of the business entity.

### Business Consulting

Drawing on our extensive experience in advising many segments of the business community, including owner-managed businesses, Tyler Lynch, PC helps clients make better business decisions by aiding in the identification and evaluation of potential risks and "trade-offs."

### Estate, Trust, and Individual Financial Management

Tyler Lynch, PC provides counsel regarding estate planning, business and tax aspects of investment opportunities, and comprehensive support services for the administration of trusts and estates, including tax return preparation.

### Effective Use of Information Technology

Computer applications in small businesses involve many choices. Our firm has used computers for 29 years. We are skilled in helping clients with these applications so they may align new technologies with their business needs.
